Hello families,

What an amazing week we had! We spent our time getting to know each other through Improv games, Icebreakers, and Teambuilding activities as well as diving into some “Inspirational Math” exploration activities, led by Marie. Marie also facilitated our “Curiosity Box” art and self-reflection projects. We can’t wait for you to see them all, they are incredible! Topping it off was a beautiful day at the beach with other charter families.

There is a lot of info in this update, please read through all the way :)

***A Note about early drop-off:**

School begins at 9am. If your student needs to arrive earlier than that, please let Amber or Marie know ahead of time. Sometimes we are in meetings, or off campus, and you may need to make other arrangements on those days.

Next Week:

If possible, please send students for full days, 9-2:30, again next week.

We will test all of the student's SLVUSD email accounts, and introduce our online Science curriculum with CK12. **Please send your student with their laptop.** If you don't have one yet, that's fine. They can use one from our classroom set. We will also do some mini-units on Shakespeare, give a preview of Romeo and Juliet, and continue with more "Inspirational Math" explorations.

Please send your student with \$10.00 to cover the cost of admission to Romeo & Juliet.
Please send your student with a filled water bottle. We went through our donated 5 gallon water bottle in 4 days! With 40 students, it will be hard to keep up with their water consumption, so sending water in a reusable bottle would be awesome.

Student Supplies:

personal laptop or chromebook

5 Folders for worksheets in each subject area (pockets or 3 hole punch)

4 single subject notebooks or a multi-subject notebook

**We do have extra supplies in class*
